Hello Emma,

Many super thanks for agreeing to do this. I really appreciate it.

Ok, so [this is the poster](#) that will circulate to recruit participants, as well as an email I will have to send around, and perhaps I will also go around some classes to show my face. Room number and date are still to be confirmed - also, 5£ vouchers and teas/biscuits + resources for the event will depend on whether I get the EDI funds (still waiting for a final response).

[This is the Information sheet and Consent Form](#)  - Once and if students give their consents, they will be sent a link to [this Padlet](#), which will be used during the SIG but also as a tool for collecting experiences before the event - if anyone feels brave enough to upload anything   If you want/can have a look at that too, just to see if it makes any sense, maybe..that would be super 

Let me know if you have any issues with the links.

I'd love to know your thoughts on content, structure, missing/redundant info and staff like that, and or if you find any friction/issue with the process/anything that comes to mind   ..

Thanks again for agreeing to help with this. I really appreciate it!
