## Thank you for registering for the BEYOND the NORMS students workshop: details & Padlet link

---

From Antonella Nonnis <[a.nonnis@lcc.arts.ac.uk](mailto:a.nonnis@lcc.arts.ac.uk)>

Date Tue 1/20/2026 7:16 AM

[REDACTED]

Dear [REDACTED]

Thank you so much for registering your interest in taking part in the "BEYOND NEUROTYPICAL NORMS: *Towards Intersectional Inclusion at LCC*" workshop. I'm really glad you'll be joining us.

Ahead of the session, I wanted to share the [Padlet link](#), which brings together the workshop themes, topic points, proposed guiding questions, and a **show-and-tell section**. Mentimeter (shared on the day) and Padlet will be used to help **guide and support discussion** rather than to structure it too tightly. You're very welcome to use it **before, during, and/or after the workshop**, whether to add thoughts in advance, respond during the session, share resources or examples, or reflect afterwards. It's also intended as a **shared repository** that we can build collectively.

On the day, we'll be doing a few **light, participatory activities** based on the three topics of discussion proposed. Participation is flexible; you're welcome to take part by speaking, writing, listening, observing, or engaging in ways that feel most comfortable for you.

Because some of the topics discussed may feel personal or sensitive, I also wanted to share a link to [UAL student support services](#), in case you feel you'd like to speak to someone after the session or access further support.

Just a quick practical note as well: all participants will receive a **£5 voucher**, which I'll hand out **before the end of the workshop** on the day. I requested and booked a room with natural light.

If you have any questions in the meantime, feel free to get in touch. I will contact you again closer to the date with a reminder.

I'm really looking forward to the conversation and to learning together.

Best wishes,

A

**Please note that I work part-time, so there may be a delay in my email response. Additionally, I might send emails at odd times, so please do not feel obliged to respond to this email outside of your usual working hours.**

**25/26 Y1 & Y2 Lecturer BA UXD**

**Block 1** I teach Y1 *Design Thinking: Visually Communicating Complexity* on **Thursday mornings** (T405) and Y2 *Digital Products: Prototype & Realisation* on **Fridays** (T405). I do mostly **PGCert** on **Wednesdays** and work remotely on **Thursday afternoons**.
